

has been manufacturing critical cleaning cloths for over 50 years. They are the preferred choice for critical surface cleaning, preparation and polishing applications. Our cleaning cloths have been designed, and they are manufactured to be innovative, and to meet stringent industry requirements and specifications. AF&F's broad selection of cloths are known for their consistent quality, purity, and absorbency. Durable to withstand rigorous solvent wiping and polishing processes.

Rympcloth® #301 Purified Wiping Cloth

Manufactured with 100% purified woven cotton, it's unique crimped finish and firmly twisted yarns lift, entrap and remove particulates and, residual surface contamination. The super soft texture provides superior surface conformity and memory improving process performance and efficiency. They are one of the strongest, durable and economical wipers available today for critical cleaning, surface preparation and polishing applications.

- Compatible with all solvents
- No residual contamination from chemicals or foreign matter
- Sold by the case as rolls, pads, and folded sponges
- Silicone free

Aerotex™ Aerospace Wiper

Virtually identical to Rympcloth®, this aerospace wiper is bleached white. This whiter cloth is preferred by some end-users for critical cleaning and polishing processes. Ideal for general use whenever a wiping or polishing cloth is needed.

- Standard case contains 12 rolls
- 100 piece per roll
- 9-10" wide
- No residual contamination from chemicals or foreign materials
- Compatible with all solvents

Purewipe® E-Cut Cheesecloth

Cheesecloth products are available in different grades and put-ups for a variety of specialized applications. Made from 100% woven cotton, our cheesecloth is very soft and absorbent. The openness of the weave assures the user that the wiping cloth will not displace the contaminants on the surface, but will clean the surface and make it ready for further applications.

- Different grades & constructions available
- Pre-cut, folded 4 ply, 9"
- 60, 120, 128, or 240 pieces per roll
- Standard cases contain 10 rolls

Purewipe® Sponges/Pads

The 9"x9" and the 12 and 8 ply 4x4 sponges are 100% cotton woven gauze. The 9"x9" pads can be used with a universal pole attachment for more coverage, hard to reach areas, and easy cleaning of large surface areas.

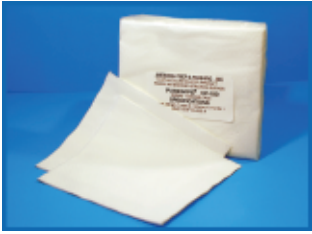

- Compatible with all cleaning fluids and solvents
- Excellent durability for all wiping needs
- Silicone free

C-60 & C-60B Tack Cloths

Chemical Cloth C-60, C-60B Tack Cloths are available in white or black, 100% cotton AMS/BMS base material. The tack cloth works well in picking up dust, lint, and metal shavings from surfaces to be painted. They also work well on metal, composite and wood surfaces. Our tack cloths are oversized, soft and more pliable. The softness improves the ability of the tack cloths to follow the curves and creases of various surface areas. This product is perfect for any size job, large or small.

- 18"x36"
- 30"x36"
- Individually folded/bagged
- Bulk pack in stacks of 100
- Available in white or black

Purewipe® Nonwoven

Our various blends are designed for the Aerospace/Industrial application. They are available in rolls, 1/4 folds in various boxed or bagged put-ups. Our wipers have high absorbency and retain high levels of liquid. They are developed for cleaning of primary and secondary Aircraft structural surfaces. They also are excellent materials for the polishing and cleaning of windows and windshields for aircraft and marine.

- Various compositions to fit application
- Viscose/PET
- Wood pulp/PET
- Viscose
- Silicone free
- Compatible with all cleaning solvents
- Low lint

Purewipe® Diapers

- 100% Cotton
- Prefold & flats
- Bulk or packaged by the dozen.

Purewipe® White Wiper

- 100% Cotton Knit/Woven Wiper
- Available in 10, 25, or 50 pound boxes

Purewipe® Cotton Swabs

AF&F's single tip non-sterile applicators are highly absorbent and compatible with all cleaning solvents. They are manufactured with 100% USP bleached cotton, on a 4" or 6" sturdy wooden stick for extra support during cleaning delicate parts, removing debris, or applications in tight and hard to reach areas.

- 100% USP Cotton
- Available with 4" or 6" handle.
- Compatible with all solvents
- Silicone free
- No surface residuals

Purewipe® Wooden Depressor Sticks

Hardwood depressors made of White Birch providing strength, as well as a clean, smooth finish for stirring mixing, scrapping & peeling.

- 100 pieces/bag, 50 bags/case
